Camp Runels Director

Sarah "Fluke" Leshay is the Camp Runels Director. This is Fluke's third summer directing Camp Runels and her tenth summer working at Girl Scout camp. Her favorite memories as a girl are of final campfire at Girl Scout camp. She loves to sing camp songs, swim in the lake, and get messy in arts and crafts while at camp. Fluke believes that Girl Scout camp gives girls a chance to try new activities in a safe and supportive environment, as well as helping to cultivate lifelong friendships. During the school year, Fluke spends her time professionally as a high school science teacher and coaching an award winning high school FIRST Robotics team. Fluke received her BS and MAT from Northeastern University. She is a Girl Scout volunteer as well, advising two local troops, acting as Service Unit Coordinator for her town, and educating adult volunteers as a Council Facilitator.
